Laurie,
I wish I could have taken you to see Boz Scaggs but you like a fool are going to camp! Leave the weekend of the 10th open pour moi! I'm really glad you didn't get kicked! Please write to me! I'm so glad we got to be better friends this year, what a riot we've had, you've helped me not to take school so seriously this year! I'm really excited about going to the Prom with your lover (Mike, whoooo oke!) He is getting a lot better on the Sax (that's Sax, not Sex!) You are such a pudge! A very excellent friend you've been to me and no matter what happens in later years I'll always remember this year forever!

I love ya!

Well Laurie
I don't know
what to
I won't

Dear Laurie,
This was a really good year! We all had a lot of fun! I hope next year is as much fun. Maybe we'll have some classes together!
Sarah

Dear Laur,
Well, it's really hard for me to write how I feel, but I just want you to know that you are one of my closest friends, and I'll really miss you this summer. Hell, you were only gone a week, and I felt this emptiness in me because you weren't around. You know, it always seems that I really get to know people right around the time when I have to say goodbye to them. This is true with us but even when we weren't as close as we are now, you were one of the few people who were always there, when I was feeling down. You've helped me in so many ways. You are a beautiful person and a very special friend, and I want you to know that I'm always here, just waiting to help you out! You know, it's strange that a person can have a lot of friends around.

Dear Laurie,
It's great to be the first person to sign your yearbook! I get to pick where I want to write. Are you excited for this summer? You've got to buckle down though! I mean that in a friendly way! At least I'll have someone to count on this summer when I'm down - to cheer me up. Did ya have a good year? I hope so! It was grand being a waitress with you! Now we have experience for future job applications! LETS ROCK OUT THIS SUMMER!
love,
Julie

them all the time and still feel ~~lonely~~ lonely. In the beginning of this year that's how it was with me, until I finally started to meet real people, not shallow ones. What I'm trying to say is that you mean one hell of a lot to me, and I care about you so much! Please, let's keep in touch over the summer. I'll miss ya tons!
To a beautiful person, whom in a very special way I love.

Laurie

Its been a good year. Too bad we weren't better friends Im really sorry that you had problems this year. But it'll be better next year. Keep in touch over the summer

Love,
Jeannie

Laurie,
I'm sorry we've lost touch this year, It's too bad really the way By the way B'day Happy hope come back next year!!! keep in touch summer! all write me! call me! stop by!

Love
Amy

Beautiful day!
Bet it's too beautiful to stay in school!
Bet you've been outside a lot!
Don't you wish summer would hurry up?
Don't you wish you could just forget school?
Don't you wish you could just forget everything?
This is the last week of school!
Next week we're free!
Finally!

Mr. Prescott believes that the problems of Kingswood are unique, as it is both a single school and a coeducational one. "We are trying to benefit from all the advantages the Cranbrook Community offers, yet retain our individual identity."

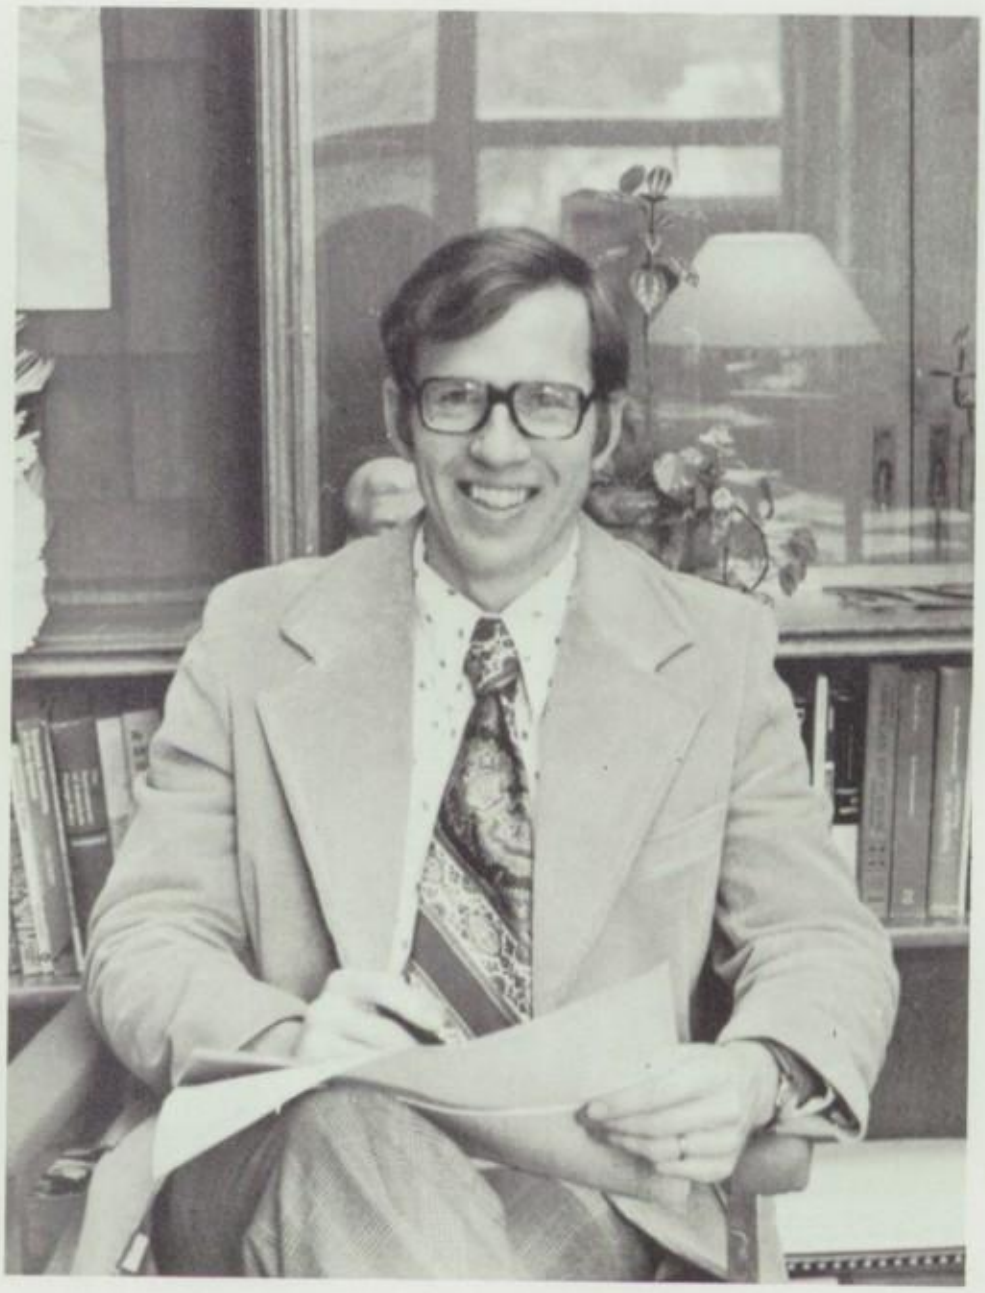
He wishes to continue to try to make Kingswood one of the best schools in the country, and stresses the fact that it is "important for us all to take pride and satisfaction in what we are doing and in what we have in the school, which is certainly a great deal. We need to know when to congratulate ourselves for things well done and when to show proper humility for things that are not as they should be. That's what we have to look down the road towards.

William Prescott - Headmaster

Dorothy Cambell - Director of Admiss.

Joyce Cook - College Counselor

Alice Lewis-Dean of Middle School



Bill Moran-Dean of Upperschool

Jackie Gatewood-Dean of Students

Mrs. Gatewood's new position gives her the opportunity to work with the people she likes best - the students. She enjoys the vitality and exuberance of the young, and if she is able to help them in any way, she will. She sees the secret of working with students, and with everyone, as caring. "I respect my students and like them as individuals. I don't see my position as one of power or authority."

Mrs. Gatewood is available for counsel — to help someone with a problem, to listen, to give advice if it is requested, and to discipline fairly and honestly.

Kingswood's Welcoming Committee has been busy this year making both new students and visitors feel at home. Fathers' and Mothers' Days were hectic, but the parents easily became a part of the Community.

The Music Department under the supervision of Mrs. Nina Studebaker has had a productive year. Madrigals performed at all the school concerts, and gave a solo performance at Christ Church Cranbrook. The seventh grade presented "Cinderella" and the eighth graders performed "L'il Abner".

The Athletic Council has raised money through a variety of projects such as a bake sale, a swim-a-thon, a shirt sale and a cross-country group.

Kingswood's Varsity Club also raised money by selling sweat shirts, and with the proceeds, will buy new team uniforms.

The Kingswood Council, a group with representatives from every faction in the school, strived to increase community awareness. In addition to the Ethnic Dinner, the Council formulated school exchanges, and a dining hall committee, both of which encouraged student, faculty, and administrative participation.

The Dorm Council is a responsible group of ten students who run the dorm and serve on the disciplinary committee.

The R.A.'s are each responsible for ten to twelve girls in the dorm, and set an example as respected seniors.

Kingswood cabinet has had an exciting year filled with many projects. One of the most meaningful was the restoration of the White Gifts Assembly.

The Assembly Committee, led by Ms. Rode, was responsible for engaging many interesting guest speakers who appeared at our assemblies.

art

Sculpture

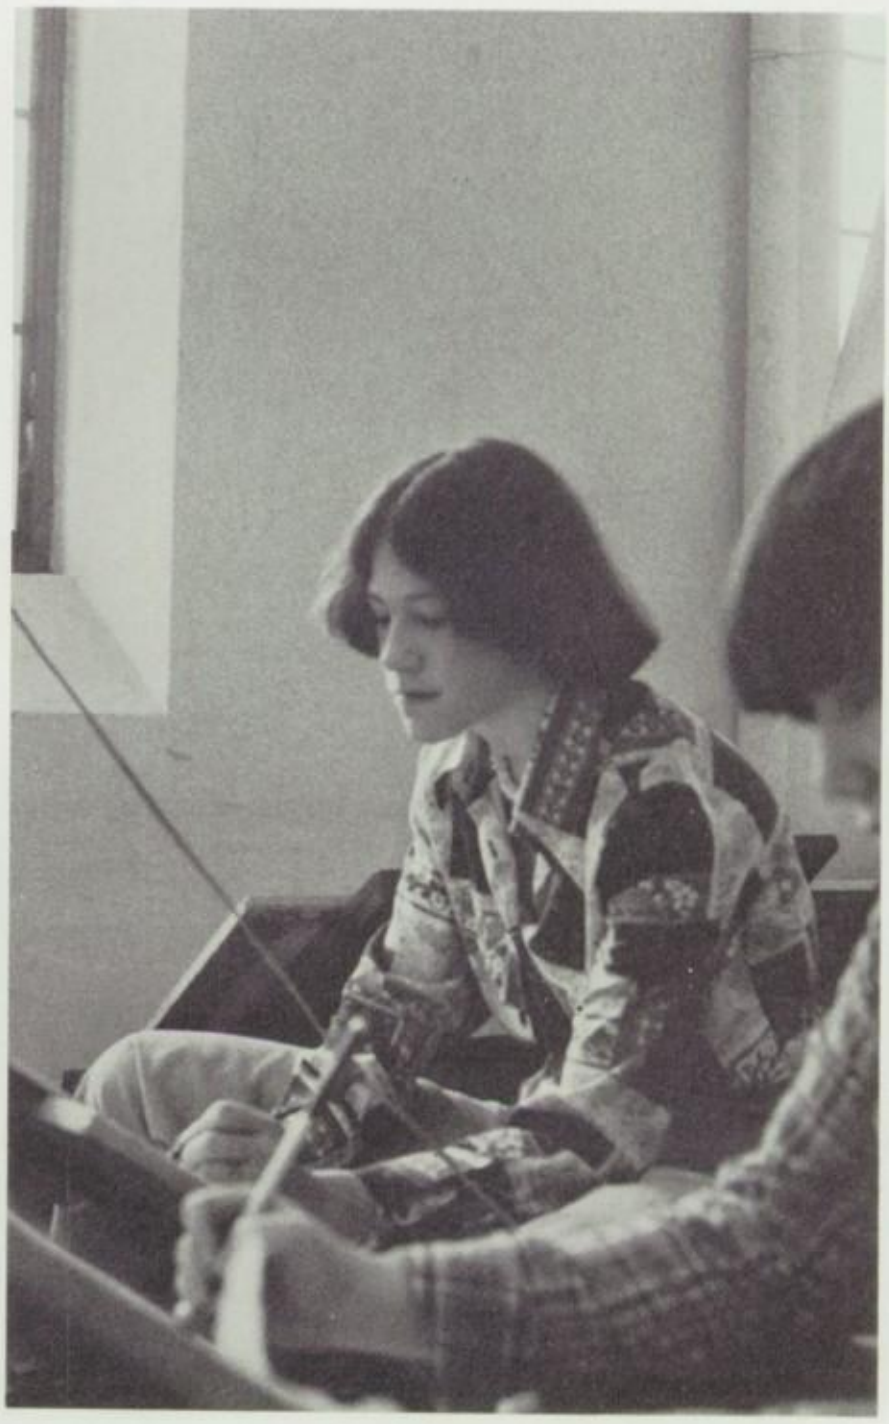
A lot of new things happened in sculpture this year. There was a new burn-out kiln in the studio, as well as a new bronze foundry; and the old aluminum foundry from Cranbrook, was moved to Kingswood.

Ceramics

Ceramics seemed to be filled with more boys this year! The studio began using a new out door process called raku.

Drawing students were busy studying anatomy with the aid of Ms. Goodale, a skeleton, and a live model. They kept sketchbooks and practiced both central exercises and free life drawing. The painters studied various schools of painting and produced many exciting works based on the principles of these schools.

Drawing and Painting



Jewelry

Mrs. Egner's jewelry class is unstructured, allowing the students to be as creative as they wish. Many of the students' work was displayed in various art shows.

A new room is now available for pounding and forging to help reduce the noisiness and overcrowding of the main room where the fundamental skills of the course are taught, such as soldering, casting, polishing and enameling.

ABC

This year, Mrs. Palmer taught upper school and eighth grade sewing classes, along with a coed middle school cooking class. Mrs. Palmer and volunteer students were responsible for the creation of Ergasterion costumes and for the food at the International dinner.

Weaving

The bright, bold colors are out this year again. The basic samples are being clipped off the looms, so that new projects may be started. The weaving room is filled with newly processed blankets, pillows, wall-hangings, table runners, and more exciting and artistic work.

Printmaking

Two new additions were added to the coed, printmaking course this year: Ms. Goodale and a new printing press. The students and the new printing press combined to make beautiful etchings under the supervision and guidance of Ms. Goodale. These prints can be seen hanging in the hallways and in the Kingswood Art Gallery. Though it is hard work and time-consuming the results are worth it.

I came as a shadow
I stand now as a light;
The depth of my darkness
Transfigures your night.

My soul is a nocturne
Each note is a star;
The light will not blind you
So look where you are.

The radiance is soothing.
There's warmth in the light.
I came as a shadow,
to dazzle your night.

Ninth Grade

This has been an exciting, demanding first year in the Upper School for the ninth graders. They have been kept busy with a number of money-making projects for a class trip to Toronto. These included a sock hop and several bake sales.

GM'S 1977 FULL-SIZED CARS. DESIGNED AND ENGINEERED FOR A CHANGING WORLD.

New door and roof designs make getting in and out the easiest in years.

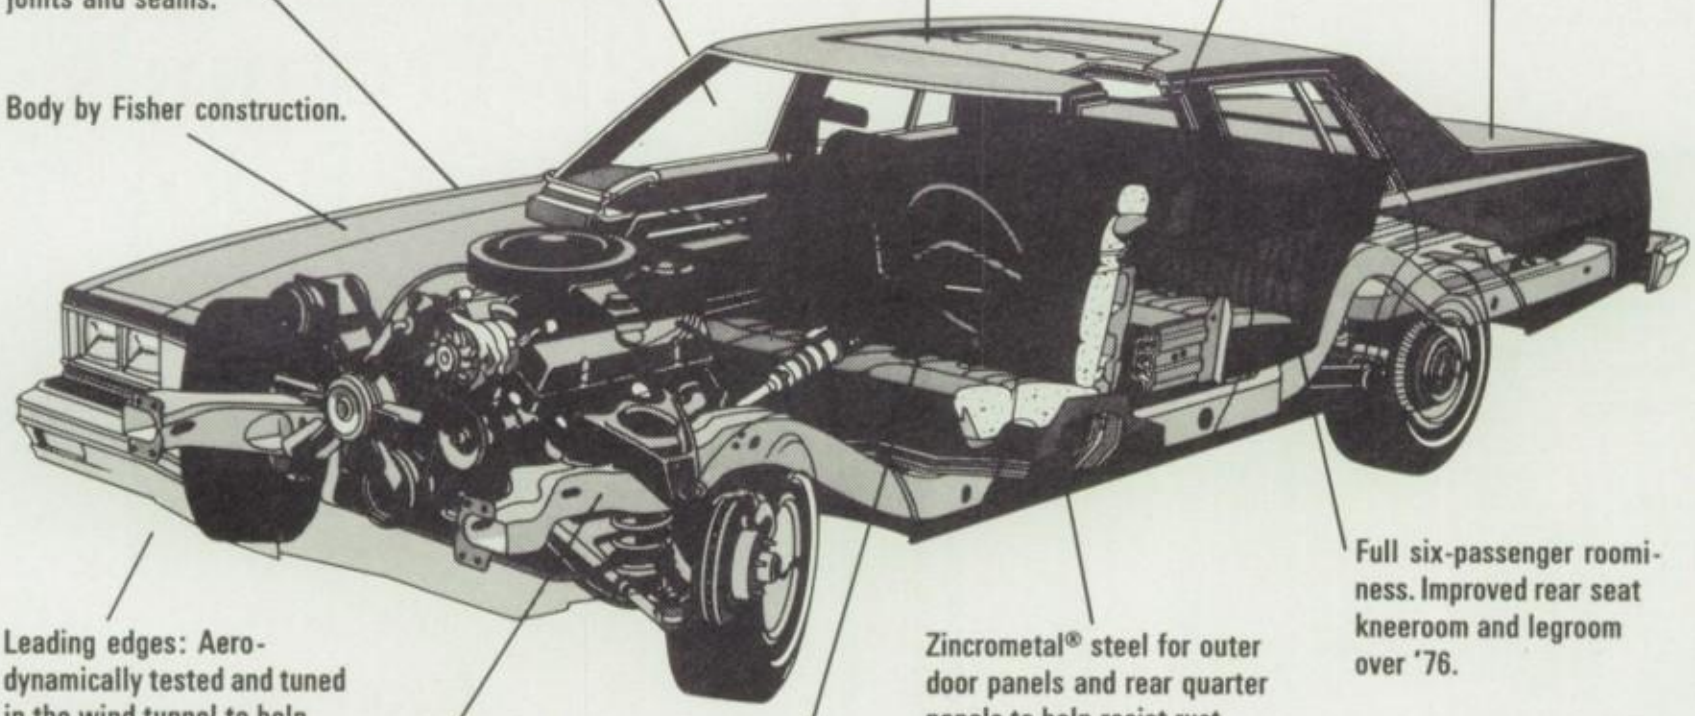
Permanently flexible, aluminized anti-rust materials and hot-melt coatings to help protect body joints and seams.

Full-framed door glass helps provide a tight fit to reduce wind noise.

One-piece, foam-backed acoustic headliner to help suppress noise.

Lots of trunk space; in most cases the trunks are even bigger than in 1976.

Body by Fisher construction.



Leading edges: Aerodynamically tested and tuned in the wind tunnel to help reduce drag.

Frame: Refined by computer to help make it strong and secure.

Easier to park and more maneuverable in tight city traffic than in '76.

Zincrometal® steel for outer door panels and rear quarter panels to help resist rust.

Full six-passenger roominess. Improved rear seat kneeroom and legroom over '76.

Regal. The Buick for sports.

So that beauty in the picture caught your eye, huh?

Well, you're not alone, sport. Because, in the past few years, the Buick Regal fan club has been growing by leaps and bounds.

For a lot of very good reasons.

First off, Regal is a mid-size. Giving you the maneuverability and practical benefits of trim dimensions.

Just as importantly, Regal is a Buick. As a matter of fact, it's the sportiest, most elegant, luxurious mid-size we build. So along with practicality, you get the wondrous array of creature comforts Buick is famous for.

Now, a lot of folks consider Regal a winner on looks alone. But if you need more convincing, just take a look at some of the standard equipment it comes with. There's variable-ratio power steering. High-Energy Ignition. Power front disc brakes.

And, of course, the sophisticated Buick V-6 engine.

Available options? The sky's the limit. You can order your Regal with things like a sunroof. Chrome wheels. An AM-FM stereo with a built-in citizens band transceiver. And if you really want to look like a sport, there's the S/R package. That comes with goodies like whitewall, steel-belted, radial tires. Ribbed velour front bucket seats. A console-mounted, automatic transmission. A Rallye steering wheel.

Buick Regal. One lean, elegant, intelligent well-coordinated car. Drop into your Buick dealer's, and see one soon.

It'll do wonders for your team's spirit.

Chevrolet introduces the long-legged Coupe.

Rest assured, The New Chevrolet is not one of those Coupes where comfort takes a back seat to styling.

As a matter of fact, this year's crisp new Coupe has nearly two inches more leg room in the rear than last year's full-size Chevy Coupe, making it almost as easy on the knees as it is on the eyes.

Sit in one soon and see.

And while you're there, notice the head room. There's more of that, too.

Our new Coupe is also easier to get into and out of, thanks to the increased height and the straight-up styling of the sides. (Plus the fact that you no longer have to trigger a release to fold the front seats forward.)

There is more trunk room than last year.

There is more corrosion protection.

More sound isolation.

An exceptionally attractive package, all in all. A real pleasure to look at, to ride in, and to drive.

The New Chevrolet is on display in Chevrolet showrooms all over America. We hope you'll go down soon and try one on.

For sighs.

Kingswood Council believes . . .

A horseman found a sparrow lying on his back in the middle of the road, feet up. When the horseman asked him why he was doing it, the sparrow said that he'd been told that the heavens were going to fall that day. The horseman laughed and asked him if he thought his puny little legs could hold the heavens up and the sparrow replied "One does what one can." The quest for perfection.

When introduced, Seville was a great luxury car—the first American car to combine international size and styling with Cadillac comfort and convenience. The car complete—with a 5.7 Litre Electronic-Fuel-Injected Engine and almost every luxury feature standard. Yet, the quest for perfection goes on. Today, Seville is an even more refined car. Four-wheel disc brakes are standard. We've retuned the suspension system.

The timeless styling of Seville has been enhanced by a more distinctive grille. And you may now select the stylish simplicity of an all-metal roof. There is only one way to appreciate the Seville experience. See your Cadillac dealer and test drive Seville for yourself—by yourself. Then you'll understand why few cars in so short a period of time have so captured the imagination of the motoring public.

Well, babes, you finally caught me!!! I'm not in the mood to write a novel, so I'll hold it down to a short Moaveni essay. Your writing shows creativity and... OOPS! Got carried away. Anyway, I really hope you have a great time this summer. I'd feel responsible if you didn't have a good time, But if you made it through Moaveni's class, you can make it through anything! (Nothing personal, I just Hate the teddy? Nothing personal...) I hope everything works out between you, Carole, & Allen... they might be your parents, but even parents have some feelings! NOT to be conceited, but what would you ever do without me? Who else would help you finish the Bremner wafer tin off in 10 seconds flat? (Besides Lisa)? Who else would keep you company while you puffed your way to a tumor and get black lung in the process? Put up with your moods (you know no one else but Matt+Greg would put up with that shit!) But I don't [illegible] come over to see you anyway - you should know that by now! Remember pigging at Archibalds... magic Pan (yum yum!)... "buying" things at Royal Oak drugstore... enjoying leisurely dinners with Carole+Eddie+Ceil+Allan+alan+alan+Betsy+Betsy+Susie+Karyn+Jill+Betty+etc.... I still haven't been paid for babysitting with you and chaperoning 2 Birthday Parties! I demand payment!!!

Love, Julie

Dearest Lauri, (Daughter of Carol)

Since everybody writes about getting high & your parents flip when they read it, show them this. To Lauri the sweetest, most studious, innocent girl that ever stepped on the K'wood grounds. (How's that Carol & Al) Well, I read what Betsy wrote & that is definitely the coolest thing I've ever seen. That would be great if Mark was (like that towards me, but you know what they say CLV" So Quickdraw, shit I'll miss you, soooo bad this summer. I hope that I can visit you or I'll just have to wait till Aout when you get back. What is the "nest" that Frankel refers to. I hope it's not what I think. When you go to camp, make about 100 tape recordings of hour long phone convos so I won't miss you so bad. Well, I just had to wait on Hary & He had a nice "Hickey" on his neck. I guess his weekend was good. Well this year has had it's up's and down's & you were one of the "definite ups" you really made these last 2 months the best. Thanx for all the help w/ Gretch. Without you it probably wouldn't have lasted as long as it did. You know that I'm always gonna be there when you need me, and I know the same about you. Until you leave (June 26th, D day) we will definitely have to do many things. It's not as good as I would like it to be, but I've got to live w/ it and CLV" Next year you're gonna get your act together & we will have loads of fun. I must say that you have one of the best ears, & mouths I've ever known. Ears = listens to problems & mouth = helps solve & also talks till 1:00 in the morning sur la téléphone. Thanx for being my best friend & for being so open. I don't know what I'll do when you're at camp but "CLV" I really feel the same way towards you as Alicia, but I don't want to write all of that, but I do feel the same way.

Such a sweet ga

I might kick ye' ass for writing about getting hi in my book. How will I explain that to Sharon.

Love ya always
and I'll miss you real bad
Think of me once in a while in that
head of yours.

P.S. - If I don't get a letter a week from you, it could be trouble for your eye. CLV = C'est la vie.

Merci beaucoup et continue à être une très bonne gosse.

Have you been entertaining anybody

Boobner,
It's been a pretty good year
if you really think about it. Being
an upper schooler is better than
middle school. a lot has happened.

Laurie,

Om so glad that O
met you, you always seem to
make me smile, O dont know why.
O hope (honest) that O see you this
summer sometime or at least talk to
ya over the phone. We had some
good times in Algebra, I hope we have
more!! Keep your head together, and come
back next year, you belong here, O wish
O did. Well O guess this is it
have a nice summer, and be good (If you
know what O mean)

Love ya always
Maria

P.S. Om gonna miss ya next year
alot, but If O get the car Ill
come up to the wood to visit,
and be sure to look ya up

Love
Maria
Bye
Bye

Laurie,

"Miss Mature" here. Well this year has not been without its trials & tribulations. I can only say that I understand what you are going through and I think that if you ever need any help sorting things out, you could gain a bit from my own painful experiences.

Laurie, we certainly are not two of a kind but, as long as we are dealing in clichés, opposites do attract. Poll said that she was never as close to her older sister as she is now, until she went to college. I am betting that that is the way it will be with us.

Next year is going to be just plain wierd without David Bowie to serenade me to sleep. I am getting a lump in my throat thinking of how much I love you and how much I will miss you.

Whatever happens next year I want you to know that you can always count on me for support and help. Call me collect at Cornell if need be!

love, Betsy

HEY MY BOSOM BUDDY!

hey punk, hot damn it's all over. Jesus Christ, what a year! the least i can say is, i couldn't have made it without you. C'est la vie? hey man - don't forget to read the super magazine i gave you (learn how to make acid). I'm going to miss you sooo much this summer, maybe i'll hitchike up to Interlochen? (another one of my great ideas!) Face it Kid- you're the Hawaiin in my Home Grown! (à la Hasse original) Try not to get into 2 much trouble this summer, and if you do don't forget to bring me along. Since we're well established J-D.'S - we've got to live up to our reputation, i've got all these neat ideas of how we can cause TROUBLE. well kiddo - gotta Cruise along....'ya know i love ya and i raise my glass (of beer, a whiskey sour, a screwdriver etc.) to you - keep on rockin!

Love,

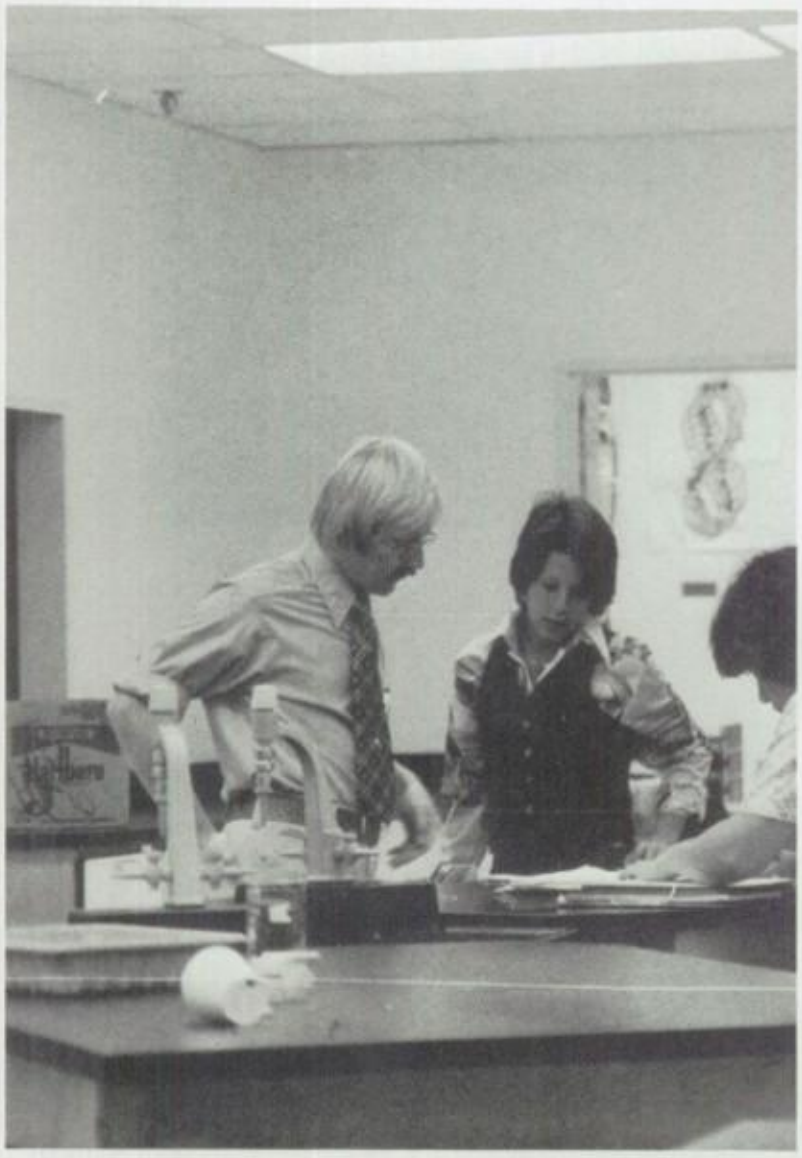
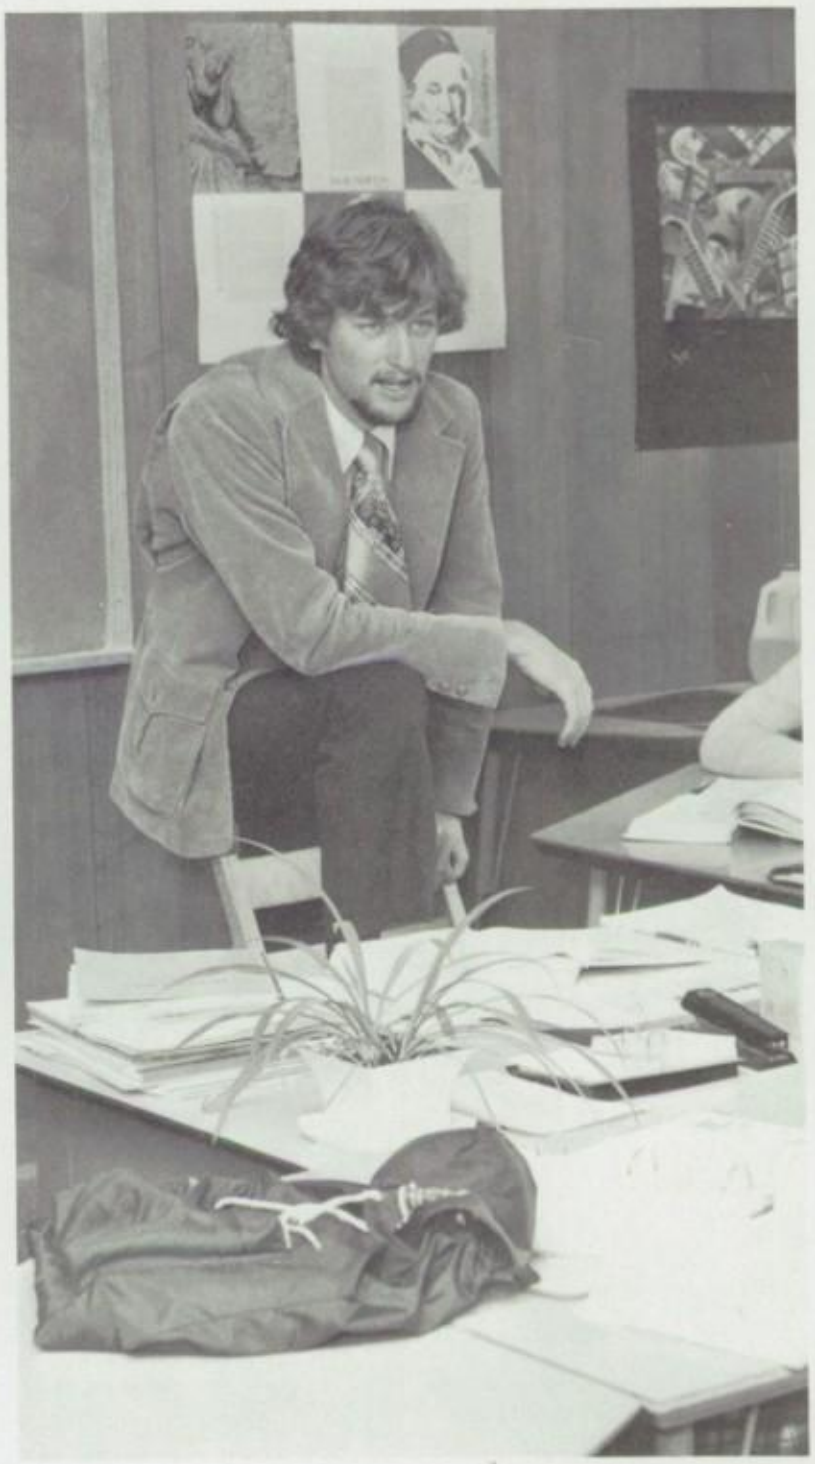
FACULTY





History/Social Science

The History/Social Science Department is introducing economics into the system with new courses entitled "Practical Economics" and "Economic Theory." "International Relations" is being offered to upper schoolers who wish to learn about the New World Problems. Ninth Grade "Patterns of Human History" is being increased so that more freshmen may take the course.

Kingswood coaches have several specialties of their own and teach physical education and coach full-time. At Cranbrook, Mr. Hazon is the only full-time coach and teacher. Most of the other faculty share coaching responsibilities with him. Mrs. Ryan and Mr. Hazen are heads of their respective school departments.

Foreign Language

Mr. Dalton-Thompson was appointed as the new head of the foreign language department this year. He feels that the department is very strong because of the respect between the members of the department. The diversities of their backgrounds, methods, and interests adds flair, and contributes to its strength.

World Affairs

The World Affairs Steering Committee met weekly to organize the three day seminar, entitled, "In a Progress Oriented Society; Do the Benifits Justify the Cost?" Which approximately one hundred juniors and seniors participated in. The group learned a great deal about the problems and future hopes of Detroit.

Debate

The New Debate team successfully competed in two Michigan Novice leagues. Laura Share, Carin Capolongo and William Capolongo were award winners.

Front: C. Fairchild, L. Share, S. West, Mrs. J. Stepeck. Back: C. Capolongo, S. Ziegelman, W. Capolongo. Absent: P. Smith, B. Yetzer.

Crane-Clarion

The Crane-Clarion had many adjustments to make this year. Instead of operating as two separate papers they combined their efforts to make one paper. The bi-weekly offered a variety of news-stories. For the senior issues the editors recreated the traditional two papers the Crane and the Clarion.

Jessie Sinclair, Instructor

The 8th Grade, along with a little help from Mrs. Nina Studebaker, produced a smash hit this spring. The rest of the school enjoyed watching this musical almost as much as these girls enjoyed putting it on.

8th Grade Play

The Performing Arts department had a very busy and productive year. The Choir, Mixed Chorous, and Chamber Singers, directed by Mr. Bellinger, and Band, directed by Mr. Halajian, performed many enjoyable concerts during the year. The Madrigals, directed by Mrs. Studebaker, sang for several audiences not only in school, but throughout the community. Ergasterion, under the direction of Dr. Geroux, presented a very good season of plays including "The Effect of Gamma Rays on Man in the Moon Marigolds", "A Man for All Seasons" (directed by Mr. Dalton-Thompson), "Dangerous Corner", "Spoon River Anthology", and "Twigs". Mrs. Sinclair's dancers gave many performances, including their annual dance concert in May.

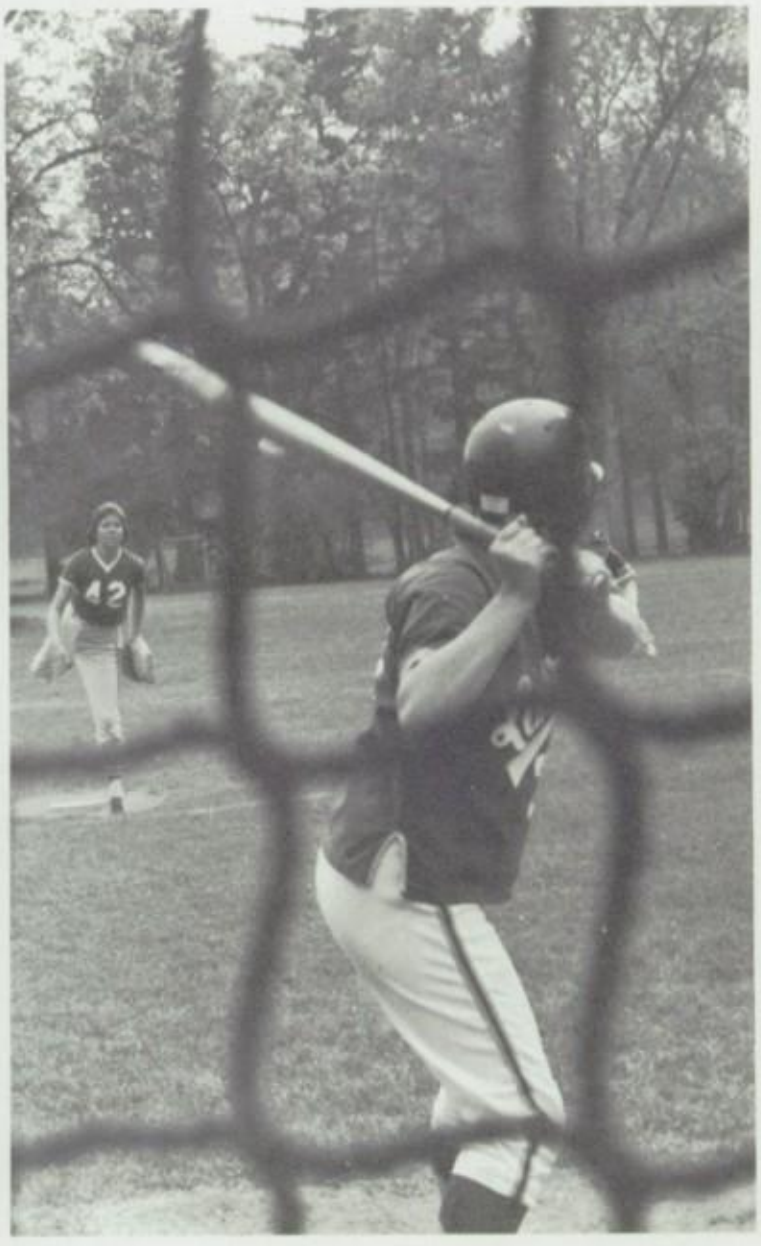
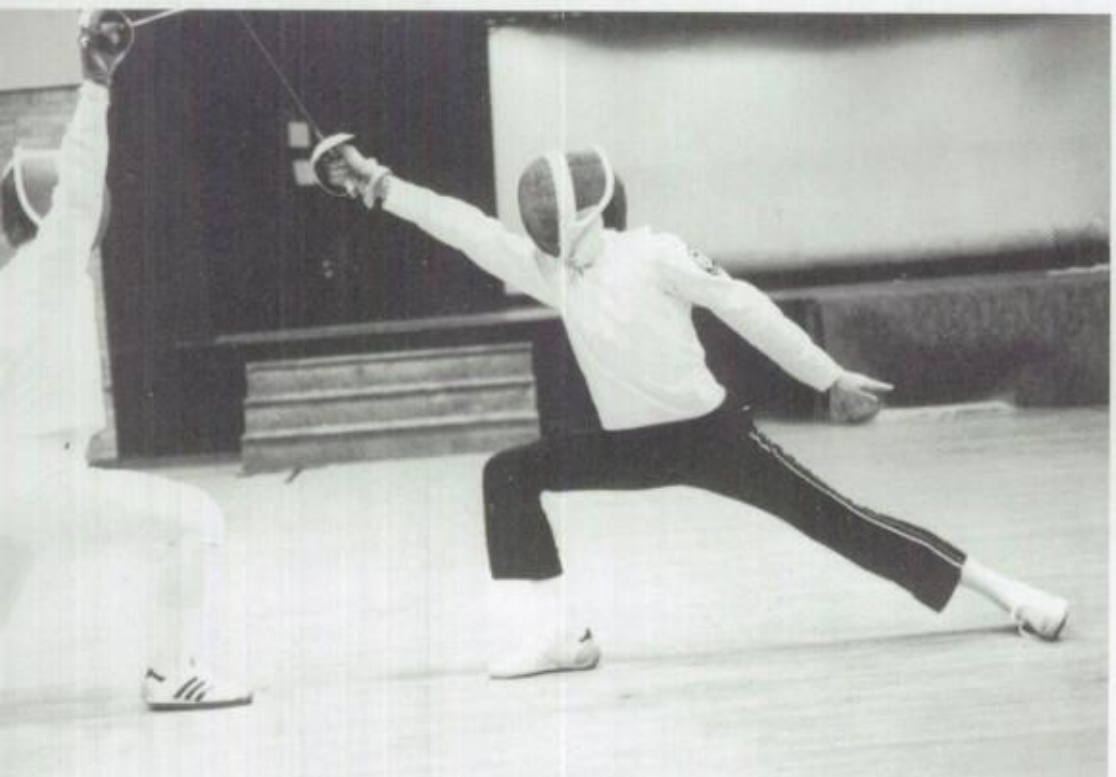
SPORTS



Fencing



The fencing team's first year with a faculty sponsor ended with success. Due to great interest in the sport, it will be continued next year with hopes of increasing interscholastic competitions.

TRACK

This years track team demonstrated great ability and depth throughout the 1977 season. Our four seniors not only illustrated record performances in the long distance races and sprints, but also assisted Coach Rodgers to improve our numerous rookies. With so much talent being displayed in our underclassmen we can expect a very powerful team to improve the record in the year to come.

Father/Daughter Picnic

Mr. Prescott instigated the Father/Daughter picnic, which food, games, and a song contest (won by the seniors!). The fathers even got into the spirit and sang several oldies-but-goodies. To finalize the evening, the seniors dragged Mr. Prescott to the lake and threw him in. (They refuse to reveal their source of inspiration.

If you think it's time you put some fun back in your driving...think Ford.

If it's been some time since you dropped in at your Ford Dealer's, you're in for some surprises. Like the models you see here—from the legendary Cobra II to nifty truckin' ideas. We think you'll be impressed with the sporty equipment we've added to some of our models at no extra charge. And there are some interesting value packages that'll blow your mind (not just dress-up stuff, either). The point is Ford has put the fun back into driving by concentrating on building cars and trucks the way you want them. See your Ford Dealer for a test drive.
He's expecting you.

COMPLIMENTS OF A FRIEND

WE'VE PUT OUR TRUST IN DETROIT'S RENAISSANCE CENTER.

In fact, we've put our entire headquarters there.

Moving our headquarters to the Renaissance Center is a decision based on sound business judgement. And a good measure of emotion.

Manufacturers Bank believes in Detroit. Enough to make a financial commitment. And enough to make a moral one.

We're determined, along with a good many other people and businesses, to see our city reach its ultimate potential. And we promise this: we'll do our part, Detroit, to help you make it.
